

EXEMPLAR ENP Program Skills Mapping Tool

Mapped to ENP Procedural Skills (AAENP Practice Standards for the ENP Specialty, 2018)

The following codes may be used to indicate instructional/learning methodologies throughout the ENP program:

C = cadaver lab; D = didactic; S= simulation

(“simulation” includes task trainers, manikin-based, standardized/simulated patients, computer-based, & hybrid as per INACSL, 2016)

Skill/Procedure	Course #	Course #	Course #	Course #	Course #
Airway					
• Intubation					
• Airway Adjuncts					
• Surgical Airway					
• Mechanical Ventilation					
• Non-invasive Ventilation					
Resuscitation					
• CPR					
• Neonatal Resuscitation					
• Pediatric Resuscitation					
• Post-Resuscitative Care					
• Blood, fluid, & Component Therapy					
• A-line insertion					
• CVC					
• IO lines					
• Defibrillation					
Anesthesia & Acute Pain Management					
• Local Anesthesia					

<ul style="list-style-type: none"> • Regional Nerve Block 					
<ul style="list-style-type: none"> • Procedural Sedation & Analgesia (+ capnography) 					
Abdominal & GI Procedures					
<ul style="list-style-type: none"> • Anoscopy
